OUR
PRESENCE
IN
INDONESIA

LEGRAND GROUP INDONESIA

OUR HISTORY

Legrand Indonesia has been established in Indonesia for over 30 years.

In 2016, Legrand Indonesia made its first acquisition with PT. Trias Indra Saputra, a local panel builder, and cable management system specialist, transforming Legrand Indonesia into an international player with a strong local presence.

Legrand Group Indonesia, 4 teams at your service, each highly specialized in addressing various customer needs in Indonesia.

40% TKDN

Server Rack

In line with our commitment to providing the best service and business experience to our customers, Legrand Group Indonesia actively pursues the production of our solution locally.

More to come....

LEGRAND GROUP INDONESIA

INTERNATIONAL PLAYER WITH STRONG LOCAL PRESENCE

**Testing & Commissioning
Installation Supervision
Customer Trainings
Contract Maintenance**

Due to the varying complexity and innovation of installations, Legrand Group Indonesia is committed to establishing a responsive local subsidiary technical service team. This team will be dedicated to supporting the unique needs of our customers.

WHAT WE OFFER

RESIDENTIAL, COMMERCIAL, & HOSPITALITY

RETAIL & CHANNEL

RESIDENTIAL, COMMERCIAL, & HOSPITALITY

RETAIL & CHANNEL

Legrand Wiring Devices

Formats, colours, finishes and functions: from standard to luxury, Legrand's wiring device ranges meet all your needs, whatever your project or geographic location.

RCU - GRMS

Legrand Room Control Unit and Guest Room Management System for Hospitality offers various technology to enhance guest's comfort

Green'Up EV Charger

Reliable and code-compliant: safe, user-friendly plug-in charging stations..

Workstation Solution

From Pop Up Floor Socket, Floor Box, and Multi Outlet Extensions, Legrand offers complete solutions for your workstations

Practibox S Enclosure

Various cabinet solutions cover any type of installation.

From flush-mounting and surface mounting distribution cabinets to FTTH ready multimedia cabinets.

P17 Tempra Pro

Reliable Industrial Plug & Socket for your commercial building needs

High Impact PVC Conduit

SNI Certified High Impact PVC Conduit for your wiring accessories

Protection & Metering Devices

From Circuit breakers, RCDs, surge protection devices, time switches.

Reliable and safe when it comes to distributing energy and protecting people across residences.

POWER, UPS, & SERVICES

POWER, UPS, & SERVICES

POWER, UPS, & SERVICES

POWER, UPS, & SERVICES

CAST RESIN TRANSFORMER

Compliant with the EN 50588-1 standard, the Green T.HE high efficiency transformer ensures high energy efficiency while reducing the environmental impact.

BUSBAR SYSTEM

Zucchini busbar systems offer simplicity, speed and flexibility during planning and installation.

LEGRAND UPS

Legrand offers UPS solutions that can achieve efficiency levels of up to 96% mode Online (VFI - Voltage Frequency Independent double conversion).

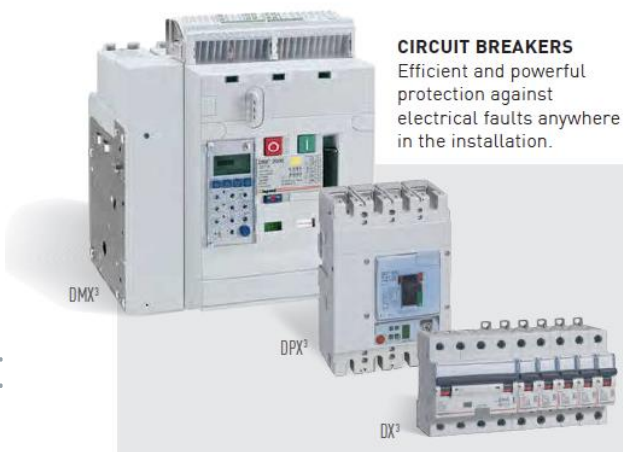

XL3 DO ELECTRICAL SWITCHBOARD

Perfectly integrated systems for safe power distribution from the main board to the final application.

INTEGRATED AND CONVENTIONAL MEASUREMENT

Electronic DMX³, DPX³ and DX³ protection devices with integrated measurement for monitoring and protection of the installation save space in the enclosure.

CIRCUIT BREAKERS

Efficient and powerful protection against electrical faults anywhere in the installation.

EMDX³

measurement control units display all the essential parameters of the installation

Perfect complementarity for distribution boards up to 6300 A and 100 kA breaking capacity.

Electricity meters can be used to monitor consumption per building, floor or application.

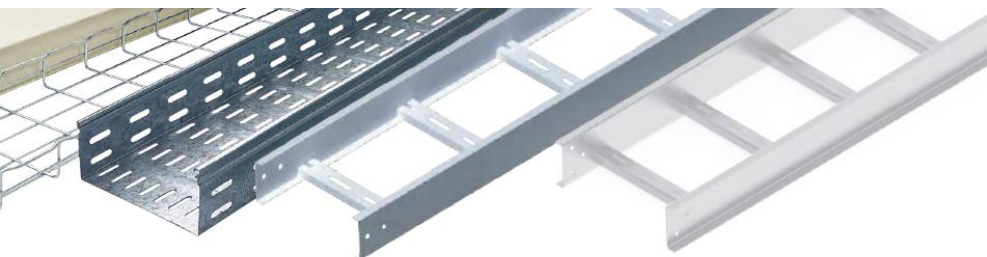

INDUSTRIAL INFRASTRUCTURE

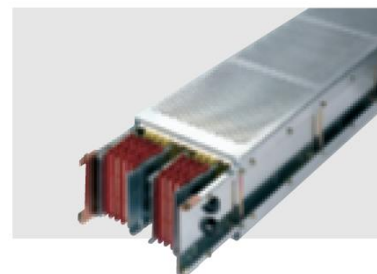

INDUSTRIAL INFRASTRUCTURE

INDUSTRIES

Zucchini busbar systems offer simplicity, speed and flexibility during planning and installation.

First-class high-performance cable management solutions, customizable to meet the specific requirements of large scale projects

XL3 DO ELECTRICAL SWITCHBOARD

High performance electrical switchboard suitable for industrial requirements

LEGRAND UPS

Legrand offers complete range of UPS. From 1 Phase to 3 Phase up to 4,8 MVA, our solutions is ready to meet your requirements

INDUSTRIAL SOCKET & ENCLOSURE

A complete range of industrial sockets and enclosure up to IP 66/67.
